Never before has the athletic one had a better opportunity to give his admirers so much of his inimitable self and various surprises are in store for his hosts of admirers. The story has to do with the capers of an energetic youth who falls in love with a pretty maid from the Jersey side of the Hudson River and contrary to the general rule, finds it more difficult to get into jail than to get out of it. A splendid cast support Doug and a treat is in store for all those who journey to the Please U twice.
